

VITAMINS

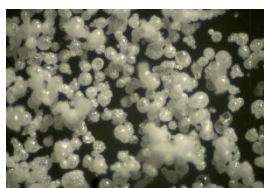

VEGA Vitamins

Hey, friends! VEGA, as the biggest vitamin import & export company in China, produce vitamins now!
This is one of 7 Vega factories Where vitamins are produced.

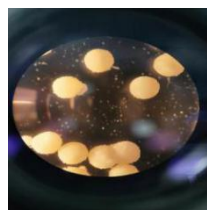

VEGA does not synthesis or ferment raw material , however, as the leader of preparation technology in the animal husbandry industry, it is easy for us to do the various processes of the following vitamin preparations. (See microscopic pic as below)

Homogeneous and instant soluble

Cross linked coating

Slow-release microcapsule

Spray adsorption

Variety	Technology	Key indicators
500,000iu Vit.A	Cross linked coating	stability
500,000iu Vit.D3	Cross linked coating	Stability
50% Vit.E	Spray adsorption	Uniformity
2% biotin	Dissolution spray	Dispersion
80% Vit.B2	Pelleting	Uniformity
2% folic acid	Dissolution spray	Dispersion
...

Obviously, Vega has the ability to do it!

Our factory

VEGA total has 7 manufacturing plants and 16 workshops. Within the plants, our additive workshop has 6,000 square meters, 12 dedicated production lines, and 6 spray dry towers.

The picture of our factory:

VEGA ZHEJIANG VEGA BIO-TECHNOLOGY CO., LTD.

Add: Xiaoshu Industrial Estate, Meixi Town, Anji City, Zhejiang Province, China

Our facility

1、 This is a small trial facility.

2、 This is the medium trial facility, still larger than the production equipment of many enterprises.

3、 Cold spray dry, totally 24 meters high

4、 Cold spray dry tower, 30 meters high

5、 centrifugal spray dry tower

6、 Spray adsorption unit.

Our production license

Vega has been qualified to produce single vitamin preparations long time ago.

We studied the preparation process several years ago, and approved the production license:

We can produce 18 single vitamin preparation products

No	Specification	Implementation standards	Approval Number
1	100g: 25g choline chloride	Q/ZWF 103-2017	ZSTZ (2014) 633141
2	100g: 10g carotene	Q/ZWF 004-2017	ZSTZ (2015) 633038
3	Vit.B2≥80%	Q/ZWF 223-2018	ZSTZ(2019) 633662
4	Vit. A 50000 IU / g	Q/ZWF 215-2018	ZSTZ(2019) 633011
5	Vit. A 50000(CWS) IU / g	GB/T 7292-1999	ZSTZ (2019) 633012
6	Vit.B12≥0.1%	GB/T 9841-2006	ZSTZ (2019) 633013
7	Vit.B12≥0.5%	GB/T 9841-2006	ZSTZ (2019) 633014
8	Vit.B12≥ 1.0%	GB/T 9841-2006	ZSTZ (2019) 633015
9	Vit. E≥50%	GB 7293-2017	ZSTZ (2019) 633016
10	Vit.D3 (micro particles) ≥ 50000IU / g	GB 7293-2017	ZSTZ (2019) 633017
11	Vit.D3 (micro particles, CWS) ≥ 50000IU / g	GB 7293-2017	ZSTZ (2019) 633018
12	D-Biotin ≥2%	GB/T 23180-2008	ZSTZ (2019) 633019
13	Vit. C≥35%	GB/T 19422-2003	ZSTZ (2019) 633026
14	Vit. E(CWS)≥50%	Q/ZWF 216-2018	ZSTZ (2019) 633027
15	Coated Vit.C≥90%	Q/ZWF 225-2018	ZSTZ (2019) 633028
16	Coated Vit.C≥95%	Q/ZWF 225-2018	ZSTZ (2019) 633029
18	β-Apo-8'-carotene ethyl ester ≥10%	GB/T 21516-2008	ZSTZ (2019) 633034

Our storage

Vega quietly produced for a long time.

It has produced thousands of tons in the past few years!

Foreign trade, OEM

The tray of products

It's time to show up!
