01

Vitamin

Recently, the Hohhot Municipal Bureau of Ecology and Environment issued an EIA announcement on the acceptance of the construction project of Inner Mongolia Kingdomway, with an annual output of 1,000 tons of astaxanthin. The construction site is Tuoketuo, Hohhot City, Inner Mongolia.

02

Amino Acids | Tryptophan

Last week, manufacturers stopped reporting and signing, and the trading market quoted prices are around usd7.9/kg. The terminal demand slowly recovered, the market spot supply was tight, and the price of superimposed soybean meal was relatively strong. However, the mood of users to replenish goods was general, and the market mostly held a wait-and-see attitude and paid attention to the later stage market transactions.

03

API

SJZ No.4 Pharmaceutical announced that the Stiripentol has been approved by the State Drug Administration to be registered as an API for use in marketed preparations, and will be the first manufacturer in China. Stiripentol is mainly used to treat severe myoclonic epilepsy in infants. The Group has obtained the drug production registration approval for stiripentol dry suspension (500mg and 250mg) from the State Drug Administration.

04

Food Additive | Sucralose

Recently, due to the production adjustment of domestic manufacturers and the impact of market demand, the transaction price of food additive sucralose in the domestic market has dropped to about USD16.6/KG, and the transaction price in the foreign market is about USD16.7/KG. The price of sucralose will stabilize in the short term in the future.
