Vega, China Vitamins Manufacturer

#### News

##### 1 Vitamin | Vitamin E

On June 28, 2023, DSM issued a announcement that in order to reduce operating funds and inventory, Swiss VA and VE factory in Switzerland It is planned to extend the suspension time in the third quarter. At present, the third quarter is coming to an end. Recently, there are overseas markets that the VE of the DSM Swiss factory is ready to open.

##### 2 Amino Acids | Valine

On August 30, Xiangyu this week quoted threonine at USD1480/ton, tryptophan USD9.4/KG;  
Dongxiao Group: lysine sulphate offer USD850/ton, valine offer USD2.8/KG. Recently, the threonine factory has raised the price one after another, and the export situation has improved slightly. Need to pay attention to the factory's order receiving situation.

##### 3 API | Florfenicol

Florfenicol, the recent price is weak, domestic and foreign customers wait-and-see sentiment, some just need to purchase transactions in general. The market price is still slowly declining, and the current market price is USD32/KG. We will follow up on market demand and factory production.

##### 4 Food Additives | D-Ribose

Affected by market demand, the price of potassium sorbate has stabilized, and the market transaction price is about USD2.2-2.4/KG. The possibility of subsequent price declines is small, and we will continue to pay attention to the market.
