VITAMINS TO VEGA

Vega, China vitamins manufacturer

1st. Sep, 2023

Vitamin | Vitamin B5

This month, calcium pantothenate continues the downward trend. The market inventory is basically clear, but there are many new factories, and the offer is still broad. The current price is USD10-11/kg.

Amino Acid

On August 31, 2023, the latest offer from Wanlunda: 70%lysine USD800/ton, 98.5%lysine USD1400/ton; currently high cost of raw materials stimulates manufacturers up to the price, and according to unstable production of some factories, industry operating rates in the industry, the market is tight. Chinese domestic manufacturers lysine quotes continue to be strong.

API | Doxycycline hydrochloride

Due to the recent weak demand and terminal is mainly waiting, the recent price trend is decrease, and some manufacturers are about to restore production. The main factories offer at USD52/KG.

Food additives

Recently, the price of sodium benzoate for anticorrosive food additives is raised, and the market transaction price is about USD1.4-1.7/KG. We will continue to pay attention to the possibility of rising prices in the future.
