

VEGA DAILY

VITAMINS TO VEGA

Vega, China vitamins manufacturer

15th Sept.2023

VITAMIN | VE&VB1

On 14th Sept, DSM Vitamin E feed grade was adjusted to 70 RMB. Previously, on 1 August, DSM Vitamin E stopped quoting and signing orders. VE judge according to the current market situation, it can remain firm in the short term.

On 14th Sept, the vitamin B1 manufacturers stop offering, the market attention increased. Previously, the B1 market was more depressed, the price bottomed out, the export price \$13-13.5/KG.

AMINO ACID | Liquid Methionine

Recently, the latest offer of Addiseo liquid methionine is \$2.1 / KG, and the trade market offers 1.9-2usd/KG, the market turnover is general, the enquiry is slightly increased, and the factory will pay attention to the situation of receiving orders in the later stage.

API | Sulfonamides

Sulfonamides: The market is running weakly, prices are low and stable. Sulfadiazine (sodium), the market offer within 23.4usd, Sulfadimethoxine (sodium), the market offer within 11.1 usd, some factories raised the price by about 0.4-0.6usd, the late price trend needs to pay attention to the market demand and signing orders.

FOOD ADDITIVES

Recent media reports indicate that Vivici, a new joint venture between DSM and Fonterra, has announced the completion of a seed round of funding. The company is said to utilise precision fermentation technology to produce animal-free dairy protein ingredients and both DSM Firmenich Ventures and Fonterra are founding investors.
