Vega, China Vitamins Manufacturer

VITAMINS TO VEGA

25th, OCT, 2023

01 Vitamin | Vitamin B1

On October 24, according to market news, Chinese manufacturers increased the price of vitamin B1, B1 nitrate price USD17/KG, hydrochloride price USD22/KG.

02 Amino acid | Tryptophan

The domestic factory foreign quotation is weak adjustment, the trade market price is about USD8.6/KG, the market turnover is reduced, the factory is mainly arrange delivery, and the factory quotation is concerned in the later stage, according to customs data, the import of tryptophan in September was 1538 tons.

03 API | Florfenicol

After the API exhibition, the market price is still weak, the price decline has slowed down, the current price is already at an ultra-low price, the recent customer procurement situation has improved, but there are still some customers in a wait-and-see state. At present, the market price is USD25.8-26.4/KG, and we will follow the market demand and factory production situation.

04 Food additives | Acetyl-L-carnitine

Recently, affected by the market situation, the transaction heat of acetyl-L-carnitine hydrochloride has increased, and the transaction price in the export market is about USD21/KG. Follow-up prices remain stable, we will continue to pay attention to the market, do not rule out the possibility of continuing to rise.
