## Vitamins to VEGA!

24th. Oct. 2023

01

### Vitamin | Inositol

Chifeng Huaheng Synthetic Biotechnology Co., Ltd. plans to build an annual output of 25,000 tons of valine, arginine and 1,000 tons of inositol projects. The project uses biological method for alternating production, and mainly builds 1 workshop for alternating production of inositol, arginine and valine.

02

### Amino Acid | Threonine

Threonine: the end user signed fewer orders, the demand is general, the market supply is normal, the export price is around USD 1500/T, and the market price of threonine is expected to be stable in the later stage, according to customs data, the export of threonine in September was 54,000 tons, an increase of 10.0% from the previous month, and an increase of 46.8% year-on-year; From January to September, the cumulative export of threonine was 407,000 tons, a decrease of 4.6%.

03  
API

Sulfonamides: The market is weak, and the price is low and stable. Sulfadiazine (sodium), the market price is less than USD22.8/KG, sulfadiazine (sodium), the market price is less than USD11/KG, some factories raise the price to stimulate the market,

04

### Food Additive

Recently, the export market price of sodium benzoate, a food additive for corrosion prevention, is about 1.2-1.4 US dollars / KG. Follow-up does not rule out the possibility of price increases, will continue to pay attention..
