### Vitamins to VEGA!

Vega, China Vitamins Manufacturer

#### News

##### 1 Vitamin |

Keluoyi Pharmaceutical Co., Ltd. invested 260 million to build a new vitamin B series product project with an annual output of 6,000 tons: It is reported that the project has an annual output of 5,000 tons of vitamin B5 API and an annual output of 1,000 tons of D-panthenol API. The project factory area The total area is 125276.65 m<sup>3</sup>, and the project covers an area of 18855.5m<sup>3</sup>. Keluoyi Pharmaceutical Co., Ltd. is a wholly-owned subsidiary invested by Shanghai Aurora Pharmaceutical Technology Co., Ltd. The company was registered and established in September 2018 with a registered capital of RMB100 million.

##### 2 Amino Acids | Tryptophan

The current market is quite strong, price around USD 9.2/kg. At present, some manufacturers maintain full production, and end users replenish supplies on demand. It is expected that the price of tryptophan will be stable and slightly stronger in the near future.

##### 3 API | Oxytetracycline

The recent market demand for oxytetracycline and oxytetracycline hydrochloride has been average, and factory prices have remained low and stable. The current market price of oxytetracycline is around USD8.9-9.5/KG; the market price of oxytetracycline hydrochloride is around USD10.9-11.5/KG. We will continue to pay attention to factory quotation adjustments and changes in market demand.

##### 4 Food Additives | L-carnitine

Recently, due to the market situation, the prices of L-carnitine series products have increased a lot, and the transaction price of Carnitine base is around USD19-20 /KG. It is expected that there will still be an upward trend in the future.
