

VEGA DAILY

VITAMINS TO VEGA

Vega, China vitamins manufacturer

15th DEC. 2023

Vitamin | Inositol

NEW TUOYANG Bio-engineering Co., Ltd. obtained inositol feed additive production license, certificate number: Yu Feed Add (2023)T06532, certificate validity: 2023-12-12, certificate validity: 2028-12-11, certificate type: Feed additive.

Amino Acid | Threonine

According to the market news: On December 14, Meihua Group quoted USD1558/ ton of threonine due to the impact of cost and transportation, and the transaction price is related to the transportation distance, mainly for long-term stable customers; Recently, the market price of threonine is stable and the order is generally signed, but due to the heavy snow in the north in winter, the shipment progress of the factory is affected, and the shipment situation of the factory is concerned in the later stage.

API | Florfenicol

Affected by the price of raw materials, and supported by the cost of the factory, the factory quotation ushered in a small rebound, and the delivery date of some factories has been to the middle and late January. Customer inquiries have increased, but at present it is still mainly for just-needed procurement. At present, the factory's quotation is USD25.6-26.2/KG, and it is expected to run stably in the near future.

FOOD ADDITIVES | Sorbate

Affected by market demand, the price of sorbate has stabilized, and the transaction price in the export market is about 2.9-3.1 US dollars /KG. The possibility of subsequent price declines is small, and we will continue to pay attention to the market.
