

VEGA Enzyme Product List

Product	Function	Enzyme Name	Concentration (IU/g)	Dosage	Package
Enzyme Preparation for Piglet	Reduce Diarrhea Improve Feed Intake Improve Absorption Promote Growth Enhance Immunity	Xylanase	7200	500g/ton feed	25kg/Bag
		β -Mannanase	1400		
		β -Glucanase	1200		
		Pectinase	7200		
		Cellulase	480		
		Acid Protease	15000		
		Lipase	2800		
		Cold Temperature -Amylase	5000		
		Cold Temperature -Glucoamylase	600		
		Glucose Oxidase	320		
		Catalase	900		
Enzyme Preparation for Growing Pig	Improve Feed Intake Improve Absorption Promote Growth Enhance Immunity Reduce Ammonia	Xylanase	7200	500g/ton feed	25kg/Bag
		β -Mannanase	1400		
		β -Glucanase	1400		
		Pectinase	6000		
		Cellulase	560		
		Acid Protease	2000		
		Lipase	200		
		Cold Temperature -Amylase	3000		
		Glucose Oxidase	400		
		Catalase	1200		
		Enzyme Preparation for Sow	Improve Reproduction Enhance Immunity Increase Lactation Reduce Fat Loss		
β -Mannanase	1200				
β -Glucanase	1000				
Pectinase	320				
Cellulase	400				
Acid Protease	2000				
Lipase	8000				
Cold Temperature -Amylase	250				
Glucose Oxidase	600				
Catalase	1800				
Enzyme Preparation for Layer	Improve Absorption Improve Egg Shell Enhance Production Ability Enhance Immunity			Xylanase	8000
		β -Mannanase	1400		
		β -Glucanase	1200		
		Pectinase	320		
		Cellulase	480		
		Acid Protease	8000		
		Lipase	200		
		Cold Temperature -Amylase	2500		
		Phytase	4000		
		Glucose Oxidase	400		
		Catalase	1200		
Enzyme Preparation for Ruminant	Improve Absorption Improve Production Performance Protect Intestine Health Enhance Immunity	Xylanase	8000	500g/ton feed	25kg/Bag
		β -Mannanase	1400		
		β -Glucanase	5000		
		Pectinase	320		
		Cellulase	2000		
		Acid Protease	2000		
		Lipase	200		
		Cold Temperature -Amylase	8000		
		Glucose Oxidase	400		
		Catalase	1200
