## VITAMIN

01

- Effective immediately, Hebei Huarong Pharmaceutical has raised the FOB price of 1% feed-grade Vitamin B12 (non-EU standard) to USD 13.5/kg.
- Meanwhile, Hebei Yuxing Biotechnology's 50,000 MT/year liquid betaine project has been officially announced, with a total investment of USD 14.71 million, including USD 0.29 million for environmental protection. Upon completion, the project will have an annual capacity of 50,000 MT.

## AMINO ACID

02

On April 1, market sources indicated that non-China-origin tryptophan in the European market is quoted at EUR 5.00-5.20/kg. Supply is tight among Chinese manufacturers, with market quotes rising to USD 4.82-5.08/kg. Downstream buyers are purchasing on demand, and the market is expected to edge up in the short term.

## API

03

Amoxicillin prices remain firm, with current market levels at USD 23.43-24.08/kg. Supply from some producers is tightening and low-priced inventory is diminishing. The market is expected to remain stable in the short term, with attention needed on raw material and supply dynamics.

## FOOD ADDITIVE

04

Recently, the Standardization Administration of China released four draft national standards for health food ingredients (Spirulina, Broken-cell-wall Ganoderma lucidum spore powder, Coenzyme Q10, and Melatonin) for public consultation until April 27. These ingredients were included in the official catalog in 2020, and the new standards aim to further standardize and refine existing regulations.
