VITAMIN

01

Recently, inositol supply from producers has remained tight, with very limited low-priced goods available in the trading market. Current producer quotations are around USD 7.16/KG, and prices are expected to stay firm with a slightly upward trend in the near term.

AMINO ACID

02

According to market sources, on May 6, CJ Biomaterial updated its weekly quotations: methionine, arginine, and isoleucine orders were suspended, while tryptophan was quoted at USD 4.82/KG.

API

03

Phase II of Inner Mongolia Bolin Pharmaceutical Co., Ltd. 's sulfonamide and anticoccidial API production base is expected to commence operation by the end of this year. The project, with an investment of approximately USD 20.50 million, resumed construction at the end of March. After completion, it is expected to produce 600 MT of sulfanilamide, 300 MT of sulfamethazine (sodium), and 300 MT of sulfadiazine (sodium) annually.

FOOD ADDITIVE

04

- Recently, Chengda Pharmaceuticals Co., Ltd. released its 2025 annual report and Q1 2026 results. In 2025, the company achieved revenue of USD 59.44 million, up 21.99% year-on-year, while net loss narrowed by 57.56% to USD 1.75 million.
- In Q1 2026, revenue reached USD 18.74 million, up 68.06% YoY, with net profit increasing 600.15% to USD 1.03 million, successfully returning to profitability. According to the company, its strategic expansion into weight management products has entered a substantial growth phase.
