VITAMIN

01

According to market sources, on June 17, major Vitamin E producers in China adopted a mixed pricing strategy for Vitamin E 50% feed grade products. The blended transaction price was around USD 11.06/KG, while standalone contracts were signed at approximately USD 12.36/KG, indicating a more differentiated pricing structure.

AMINO ACID

02

On June 17, XMYG Biochemical updated its amino acid quotations, with threonine at USD 1040/MT and tryptophan at USD 4160/MT. The market remains demand-driven with overall price levels stable.

API

03

Zhongrui (Inner Mongolia) Pharmaceutical Co., Ltd. has announced a new production line expansion project with a total investment of USD 4.41 million. The project will upgrade existing facilities and add multiple production lines covering sodium sulfate, potassium sulfate, MSM, berberine hydrochloride, and Isosulfan blue, further expanding its diversified API and fine chemical capacity.

FOOD ADDITIVE

04

During CPHI, major taurine producers raised offers to USD 4.5/KG. Supply remains tight with delivery lead times of 1–2 months, and prices are expected to remain firm in the short term.
