VITAMIN

01

According to market sources, Shandong Tianli Pharmaceutical Co., Ltd. resumed Vitamin C quotations on September 10 at around USD 3.6/KG FOB. Other producers have also gradually resumed quoting, while buyer inquiries have increased and transactions are mainly concluded through negotiation. On the same day, a major Vitamin E producer privately quoted USD 11.23/KG for 50% feed-grade Vitamin E.

AMINO ACID

02

Some producers have raised quotations for L-Lysine HCl 98.5%, with market transaction prices increasing slightly. Supply from major brands remains tight, with some delivery schedules extending into November. Current FOB prices are around USD 870–880/MT, and the market is expected to remain stable to firm in the near term.

API

03

Apeloa Pharmaceutical recently received NMPA approval for its Cefditoren Pivoxil API under registration No. Y20250000349, with packaging available in 5 KG, 10 KG, and 25 KG drums. Cefditoren Pivoxil is a third-generation cephalosporin antibiotic used for infections caused by susceptible bacteria.

FOOD ADDITIVE

04

Kingdomway Group recently disclosed progress on its algal oil projects. Around one-third of the capacity under its 10,000-MT oil project has entered trial production, with the remaining capacity expected to be completed in Q4 2026. Its 100,000-MT Omega-3 algal oil project is also under construction, with the first-phase 25,000-MT DHA algal oil capacity expected to gradually start production in Q1–Q2 2027.
