VITAMIN

01

Jiangxi Tianxin Pharmaceutical Co., Ltd. applied for a patent entitled "A method for preparing D-pantothenic acid", publication number CN202410455400.5. Enhe Bio and NHU announced the successful commercialization of their first cooperation project based on their strategic partnership. This cooperation is based on NHU's pursuit of technological innovation and its self-developed full-stack strain development platform, and is committed to realizing the industrial value of the most cutting-edge biotechnology achievements at the fastest speed and highest efficiency.

AMINO ACID

02

The market price of methionine has been steadily declining recently, and market transactions have decreased. It is expected that the methionine market will be steadily declining in the short term.

API

03

Jingxin Pharmaceuticals announced that its subsidiary Shaoxing Jingxin Pharmaceuticals Co., Ltd. received the European Pharmacopoeia Certificate of Suitability (CEP Certificate) for APIs issued by the European Directorate for the Quality of Medicines and HealthCare. The API name is ENROFLOXACIN. Enrofloxacin is a quinolone chemical synthetic antibacterial agent, mainly used to treat infectious diseases in animals.

FOOD ADDITIVE

04

Recently, dietary nutrition brand EHRGOLS announced that it has received millions of yuan in angel round investment from Henkel Holdings. It is reported that Henkel Holdings has jointly established Shenzhen Heshu Biotechnology Co., Ltd. with HK HESHU COMPANY LIMITED to operate its core brand "EHRGOLS/EHRGOLS". EHRGOLS is a dietary nutrition supplement brand, including EHRGOLS topical glucosamine, high-concentration fish oil and other products.
