Vitamins to VEGA!

26th. July, 2024

## **VITAMIN** | Vitamin D3 & E

01

This week, vitamin D3 manufacturers resumed the quotation, some manufacturers are now stopped, the US dollar price is about USD39/KG, VD3 Chinese market is active, the quotation is broad, and the transaction is rising rapidly; The export market is more difficult to obtain stock, continue to pay attention to the factory signing situation.

According market news, the future VE 50% feed grade export FOB signing price of each manufacturer will increase to USD12/KG.

## **AMINO ACID** | Lysine

02

At present, the lysine quotation of domestic manufacturers is stable, the overall turnover is not much, some enterprises are scheduled to overhaul, the market supply has a small reduction, the export quotation of manufacturers is temporarily stable, mainly deliver the previous order.

## **API** | Enrofloxacin

03

Enrofloxacin/Enrofloxacin hydrochloride, the recent domestic mainstream factory quotation is stable, Enrofloxacin Base market price is stable at USD22-23.3/KG. Enrofloxacin hydrochloride sold about USD24.5/KG. For Enrofloxacin, current mainstream production capacity is relatively concentrated, the factory side still has a price willingness, the current price is stable, and the follow-up continues to pay attention to market transactions.

## **FOOD ADDITIVE**

04

Recently, the Saudi Minister of Industry and Mineral Resources met with the CEO of JBS during his visit to Brazil to explore opportunities for localisation, knowledge transfer and innovation in the Saudi food industry production. JBS, one of the world's largest meat and poultry producers, is currently setting up a food plant in Jeddah called Seara with an investment of up to 500 million Saudi riyals. The plant is scheduled to open by the end of this year and is designed to meet the food demand of the Saudi market. JBS previously invested 400 million reais to operate Genu-in, a plant in Sao Paulo with more than 130 employees that can produce 6,000 tons of gelatin and 6,000 tons of collagen peptides per year.
