Vitamins to VEGA!

30th. August. 2024

## **VITAMIN** | Nicotinamide

01

On August 29, Kunda and Redpont nicotinamide stopped quotation again. Before stopping quotation, on August 26, nicotinamide manufacturers quoted a price of USD7/kg.

According to the market news 3-methylpyridine and 3-cyanopyridine plants are expected to have maintenance plans in September, which will further affect the supply of niacinamide raw materials

## **AMINO ACID** | Methionine

02

Evonik completes methionine expansion in Asia: The expansion of the MetAMINO® production site in Singapore has been completed ahead of schedule. After brief shutdowns in the fourth quarter of 2023 and the second quarter of 2024, the MetAMINO® production site in Singapore is now once again operating at full capacity and has added 40,000 tons of annual capacity, bringing total annual production to 340,000 tons.

## **API** | Tilmicosin phosphate

03

Tilmicosin phosphate, the recent mainstream factory shock adjustment, mainly affected by the historical low market in the early stage, the shortage of upstream raw material intermediates in the early stage, the market demand has increased, the current supply has eased, the market stock inquiry orders have increased, speculated that the price has stabilized at the bottom, please pay attention.

## **FOOD ADDITIVE** | Aspartame

04

Recently, the food additive aspartame is affected by market demand, and the transaction price in the export market is about USD10-10.5/KG, which is expected to continue to maintain stability in the future.
