## VITAMIN

01

On June 26, Zhejiang Garden Biopharmaceutical Co., Ltd. announced a feed-grade Vitamin D3 500 price of USD 80/kg.

The Vitamin E market continues to see weak demand and very low inventory levels, but overall market confidence remains low, making transactions difficult. Manufacturers need to balance pricing and shipment control to encourage deals.

## AMINO ACID

02

Due to high summer temperatures, Meihua Group has announced a two-week maintenance shutdown at its Jilin plant in July. The company urges all customers to arrange procurement plans in advance according to their needs.

## API

03

On June 25, Hybio Pharmaceutical Co., Ltd. announced that its wholly owned subsidiary, Hanyu Pharmaceutical (Wuhan) Co., Ltd., has received approval from the National Medical Products Administration (NMPA) for the domestic market launch of its Dezagrel acetate API.

Florfenicol prices remain under pressure due to ample supply. Current transaction prices are around USD 21.81–22.44/kg, with short-term trends depending on factory production schedules and market demand.

## FOOD ADDITIVE

04

Recent market trends show upward price momentum for L-Carnitine series products.

This week's mainstream factory quotations are as follows:

L-Carnitine Base: USD 19.94–21.19/kg

L-Carnitine Hydrochloride: USD 21.81–23.06/kg

L-Carnitine Tartrate: USD 18.70–19.94/kg

Further price increases are expected, and continued market monitoring is recommended
