VITAMIN

01

Since August 13, two major Vitamin A producers have suspended quotations and new orders for export market. After a sharp price decline that pushed prices below production costs, coupled with ongoing maintenance at several plants, producers are increasingly reluctant to accept low-priced orders.

AMINO ACID

02

XMXYG Biochemical has raised its Threonine quotation to USD 1,055/MT, effective immediately.

API

03

- Florfenicol producers remain under maintenance and have suspended quotations, while market inquiries and purchasing activity have increased. Prices have risen to around USD 21.2-22.5/KG and are expected to remain firm in the near term.
- Garden Biopharmaceutical recently obtained its first Drug Manufacturing License from Zhejiang MPA and passed the corresponding GMP compliance inspection.

FOOD ADDITIVE

04

China's new GB/T 29602-2026 Solid Beverage Quality Requirements adds yeast protein as an independent category of protein solid beverages, alongside milk and plant proteins. The standard will take effect on August 1, 2027.
