VITAMIN

01

Leading Vitamin E producers have gradually adjusted contract prices. Reference quotations are around USD 6.44/kg from tier-one producers and USD 6.03/kg from tier-two producers, with both groups tightening contract order volumes. Despite cautious buying, market activity has improved, and spot prices have edged up.

AMINO ACID

02

AHB Biotechnology has announced the following feed-grade amino acid prices, effective immediately:

- Valine: from USD 1,408/MT
- Arginine: from USD 2,615/MT
- Tryptophan: USD 3,822/MT.

API

03

- Amoxicillin prices remain firm at around USD 24/kg, with limited low-priced supply and increased inquiries. Buyers continue to purchase mainly to meet immediate needs.
- Zhejiang Shenzhou Pharmaceutical Co., Ltd. announced an upgrade to its 2 MT/year Dydrogesterone production process, alongside layout optimization for its Spironolactone and Testosterone facilities. Total investment is approximately USD 4.22 million, including USD 82,335 in environmental protection investment. The upgrade aims to improve product purity, while two previously approved projects will be discontinued.

FOOD ADDITIVE

04

Shandong Bailong Chuangyuan Bio-Tech Co., Ltd. announced that the China Securities Regulatory Commission had approved the registration of its convertible bond issuance to unspecified investors. The fundraising amount will not exceed USD 111.98 million (RMB 748 million), net of which proceeds will be invested in two core projects: a smart factory for new food ingredients in Thailand's health and nutrition sector, and an expansion of functional sugar drying capacity and overall production upgrades. The projects aim to strengthen the company's global competitiveness in functional sugars and dietary fiber.
